Tips from Brian

When figuring the amount of chicken needed, I usually figure about two and a half pieces per person and 5 to 7 Jo Jo's per person. This means that if you are planning on 100 people, you will need around 250 pieces of chicken. More or less depending on the group of people. A gallon of Cole Slaw, Potato Salad, or Baked Beans will serve approximately 35 people. A typical catered meal with Chicken, Jo Jo's, Cole Slaw and a Roll is around \$7.00 per person. A little more with a third side item.

If you are providing the Chicken Only for a chip in meal, you will typically need around 1.75 to 2 pieces per person. This is because there are so many other side items to choose from you will need less chicken.

We serve our chicken in insulated containers, our sides in serving dishes and provide you with serving utensils to use for free if requested. If you are looking for a catered meal for as cheap as possible, we are not for you. If you want to serve a Delicious Pressure Cooked Chicken meal with fresh Home Made sides, we have been doing this for nearly 50 years and Chicken is our Specialty. If you need any help deciding how much or what to serve please give me a call. I am happy to help. Thank you for considering us. Brian.

Catering

➤ We provide insulated containers and serving utensils with a modest deposit and the promise of their return.

➤ Bulk Chicken prices assume an equal amount of each piece.

We use an 8-way cut:
2 legs, 2 breasts, 2 wings, and 2 thighs.
